Experience

Infosys
Bangalore, India

Front End Developer
09/2023 - 03/2024

- Contributed to front-end development projects using **React.js** to build **responsive**, **interactive**, and **user-centric interfaces**, improving **user engagement** and **experience**. Collaborated on **UI/UX design**, implemented **component-based architecture**, and utilized **JavaScript**, **HTML**, and **CSS** for seamless integration and functionality.
- Executed **web development** tasks using **HTML5**, **CSS3**, and **JavaScript** to create **responsive**, **cross-browser compatible**, and **SEO-friendly** web pages, ensuring compliance with **project requirements** and **industry best practices**.
- Implemented the **Bootstrap** framework in project development to **streamline design processes**, ensure **responsive layouts**, and achieve **seamless integration** across **multiple platforms** and **devices**.
- Applied the **jQuery** library to implement **enhanced interactivity** and **dynamic features**, improving **website functionality** and **user engagement** through **seamless animations** and **real-time updates**.
- Successfully resolved **coding challenges** and **debugging issues** using **problem-solving skills** and **analytical thinking**, contributing to the **timely delivery** of projects and ensuring **code quality** and **functionality**.

Infosys BPM
Bangalore, India

Senior Process Executive
07/2021 - 09/2023

- Proficient in **importing documents** into the **client database**, **assigning unique claim IDs**, and **managing client applications** to ensure **data accuracy** and **efficient record-keeping**.
- Expertise in **categorizing incoming documents** into specific **sub-categories** such as **Correspondence**, **Investigation**, **Medical Reports**, **Supporting Documents**, **Summons**, and **Complaints**, ensuring **accurate classification** and **streamlined document management**.
- Proactively communicated with clients via **email** and **phone** to **strengthen relationships**, address inquiries, and **optimize team efficiency** through clear and timely updates.
- Facilitated **training sessions** for new team members, ensuring **seamless integration** and promoting **efficient task completion** through comprehensive onboarding and support.
